Accelerated Aviation Training, was founded in 1986 to help Canada's pilots at all levels of licences and ratings prepare for their written exams with our accelerated exam prep seminars held at our YVR airport pilot training centre. We have been continuously publishing Culhane training manuals and supplying Canada's aviation training industry with our aviation texts and exam guides since 1988.

Culhane aviation training books are currently used nationwide by aviation students at most flying schools and clubs in Canada, and at Canadian aviation colleges and universities, for ground school and flight training courses and seminars for the Private Pilot Licence, Recreational Pilot Permit, Night Rating, Commercial Pilot Licence, Integrated Commercial Pilot Licence, Instrument Rating, Flight Instructor Rating, IATRA Type Rating, Airline Transport Licence - Aeroplane, Private Pilot Licence - Helicopter, Commercial Pilot Licence - Helicopter, Instrument Rating - Helicopter, and Airline Transport Licence - Helicopter. Our ownership of Culhane manuals has permitted us to become the leading Canadian publishers of aviation self study training courses and referenced simulated exams, for both fixed wing and rotary wing pilots. We also offer training products and courses for Canadian Aircraft Maintenance Engineers and Flight Dispatchers.

CULHANE MANUALS ARE WRITTEN FOR USE IN CANADA

Description	Part No.	Price
Private Pilot and Recreational Pilot Ground School Course	13-05092	\$99.95
Private Pilot and Recreational Pilot Written Test Book	13-05093	\$94.95
Commercial Pilot Ground School Course	13-05098	\$124.95
Commercial Pilot Written Test Book	13-05099	\$109.95
Instrument Rating Ground School Course	13-05100	\$124.95
Instrument Rating Written Test Book	13-05101	\$109.95
Airline Transport and IATRA Ground School Course	13-05102	\$149.95
Airline Transport and IATRA Written Test Book	13-05104	\$124.95
Instructor Rating Ground School Course	13-05106	\$124.95
Instructor Rating Written Test Book	13-05107	\$109.95
Helicopter Pilot Ground School Course	13-05108	\$149.95
Helicopter Pilot Written Test Book	13-05109	\$124.95

The Sky's The Limit: Workbook for Canadian Commercial Pilots	13-05097	\$74.95
Flight Dispatcher Generic Training Course	13-05112	\$199.95
Flight Dispatcher Written Test Book	13-05113	\$149.95
Regulatory Requirements for Canadian Aircraft Maintenance Engineers	13-05114	\$99.95

JEPPIGUIDE AIRPORT MANUALS

The JeppGuide manuals offer several features not found in other airport manuals. Each features only one airport so the airport diagram is larger and easier to read. Included for each airport are taxiway names, FBO and restaurant locations, exact placement of windsocks and pay phones, FSS frequencies, FBO services, car rental and lodging information, and distances and radials from surrounding VORs. Each manual is over 640 pages and comes in a handsome binder. Includes 2 free updates. JeppGuide pages fit Jeppesen binders perfectly. The following JeppGuides are available:

Description	Part No.	Price
Jepp Guide Western	3927	.
Jepp Guide For Southeast	13-17501	.
Jepp Guide For South Central	13-17502	.
Jepp Guide For North Central	13-17500	.
Jepp Guide For N.E. Ausrad40	13-17503	.
Jepp Guide For Great Lakes	13-17504	.

FLIGHT GUIDES

Flight Guide is the nation's leading VFR airport and frequency manual providing detailed airport diagrams showing, runway direction & length, taxiways & their identifiers, FBO locations, fuel, & parking areas. Its useful-at-a-glance format lists, navigational & communication frequencies, flight operational information, FBO hours & services, restaurants, lodging, transportation, recreational information, pertinent phone numbers and even free pickups and discounts. Flight Guide also provides a handy detailed graphic for every Class B, C and selected D areas, showing boundaries, altitudes, visual checkpoints, cities, roads, terrain, bodies of water, tower instructions, Nav aids, VFR corridors, flyways and transition routes. Three loose-leaf compact manuals (5 fl x 5 1/2) cover 48 states and contain nearly 5000 airports. Includes two free semi-annual standard revisions.

Western Manual covers 11 states P/N 13-07700.....

Central Manual covers 15 states P/N 13-07750.....

Eastern Manual covers 23 states P/N 13-07800.....

PAGE MARKERS

Instantly locate a desired airport. Tough multi-colored vinyl page markers snap easily into Vol I, Vol II, & Vol III Flight Guide books to mark desired pages and allow you to flip to them quickly during flight. Set of 3 (different colors) P/N 13-02078

PAGE PROTECTORS

Now available for your Flight Guide: transparent vinyl page protectors, custom-made to fit Flight Guide pages. Just insert an airport page into one of these sturdy page protectors to prevent wear and especially tear-on frequently used pages.

4-1/2 x 5-1/4, (set of four) P/N 13-02077

BLANK & NOTE SHEETS

Handy blank sheets and lined note sheets, cut and drilled to fit your Flight Guide binder. Now you can keep your notes or other pertinent information right in your Flight Guide for easy reference. Space in your binder is tight, so we suggest you consider the purchase of an additional binder for states you don't use; this will free up room in your primary binder for blank & note sheets. Pads of 200 sheets.

Blank P/N 13-02089

Note P/N 13-02090

GPS & ROUTE LOGS

Custom-Made for Flight Guide Now available, handy pre-printed log sheets for entering GPS way points and frequently used routes. These useful log sheets are especially cut and drilled to fit in your Flight Guide binder. Pads of 200 sheets

GPS P/N 13-02087

ROUTE P/N 13-02088

OSHKOSH TOWER/AIRCRAFT RADIO COMMUNICATIONS

The audio tape/CD depicts the Oshkosh tower/aircraft radio communications with 28 aircraft per minute landing at the Oshkosh annual fly in. These tower communications were made from official FAA recordings back in the days when incoming aircraft were landing simultaneously with the experimental aircraft taking off and landing in a tight pattern by airport. A practice that has been used for many years. Therefore these tower/aircraft conversations probably represent one of the most exciting 45 minutes of aircraft tower communications ever made.
